D-52, AKVN BAGRODA,  
INDUSTRIAL AREA  
BHOPAL-462026 (M.P.)

**CERTIFICATE OF ANALYSIS**

|                                                                                      |                                |
|--------------------------------------------------------------------------------------|--------------------------------|
| Name of Product (Generic):- SODIUM PHOSPHATE ENEMA BP(Formula B)                     | Mfg. Lic. No.: 25/202/2024     |
| Name of Product (Trade) :- PROCTO FRESH ENEMA                                        | Batch Size:-500 Ltr            |
| Batch No.:- CHE-26111                                                                | AR NO.: CH/FP/EXT/EN/260703111 |
| Mfg. Date :- 07/2026                                                                 | Exp. Date :-06/2028            |
| Specification No: CH/QC/FP/SPC-02                                                    | STP NO: CH/QC/FP/STP-02        |
| Quantity sampled: 2x100ml                                                            |                                |
| Date of receipt: 03.07.2026                                                          | Date of completion: 03.07.2026 |
| Details of final product : 100 ml filled in plastic bag with nozzle and nozzle plug. |                                |

| S.No | TEST                                         | RESULT                                 | ACCEPTANCE CRITERIA                                                                   |
|------|----------------------------------------------|----------------------------------------|---------------------------------------------------------------------------------------|
| 1.   | Description                                  | Complies                               | Clear almost colourless solution filled into plastic bags with nozzle and nozzle plug |
| 2.   | Identification A                             | Complies                               | Yields the reactions characteristic of sodium salts                                   |
| 3.   | Identification B                             | Complies                               | Yields the reactions characteristic of phosphates                                     |
| 4.   | Clarity and colour of solution               | Complies                               | Should be clear and colourless                                                        |
| 5.   | pH                                           | 5.78                                   | Ph 5.0 to 6.2 at 25 deg C                                                             |
| 6.   | Uniformity contents of packaged dosage forms |                                        |                                                                                       |
|      | A} The average filled volume                 | Within limit                           | NLT 100 ml                                                                            |
|      | B} Contents of any single container          | Within limit                           | Between 95 to 105 ml                                                                  |
| 7    | Assay .: For Sodium Acid phosphate I.P. 10 g | 9.955 g i.e. 99.55 % of labelled claim | 9.5 to 10.5 g any other formulation:95.0 to 105.0% of the stated amount.              |
| 8.   | Assay: For Sodium phosphate I.P. 8g          | 7.988 g i.e. 99.85 % of labelled claim | 7.5 to 8.5 g any other formulation:95.0 to 105.0% of the stated amount.               |

In the opinion of the under signed the sample referred to above is of Standard quality as defined and Rules made there under as per BP and in house specification *As per L-claim*
